Partial Reverse Charge/ Joint Charge

With effect from 1.7.2012 a new mechanism of partial reverse charge is prescribed wherein both the service provider and service receiver will be considered as persons liable to pay service tax on notified taxable services in the prescribed ratio. Presently this mechanism is made applicable for following 3 services:

S. No	Description of Service	Provider of service	Recipient of service

Note:

1. Partial Reverse charge is applicable from 01.07.2012.

2. Partial Reverse charge is applicable where the service provider is either an individual or HUF or a firm or AOP and the recipient is a business entity registered as body corporate.
3. Where the service recipient is the person liable to pay service tax, as mentioned above then all the provisions relating to registration, payment etc shall apply to such person. He has to get itself registered under service tax with jurisdictional Central Excise department. For registration, application is to be made in the Form ST-1 to the concerned superintendent of Central Excise. Each unit /office from where the service is provided/received is to obtain registration within 30 days.
4. Further service recipient is not eligible to claim general exemption limit of Rs. 10 lakhs. Thus the service recipient has to pay service tax under reverse charge from the beginning itself.
5. Where the liability tax under reverse charge or partial reverse charge is on service recipient, then the point of taxation shall be the date of payment.
6. Service recipient has to deposit service tax by 5th of the following month in which he has made payment to the service provider. It has also to file service tax return on half yearly basis. Even the Nil return is required to be filed.
7. The CENVAT credit of tax paid by the service recipient would be available on the basis on the tax payment challan, subject to conditions specified in the said Rules.
8. In works contract services, where both service provider and service recipient is the persons liable to pay tax, the service recipient has the option of choosing the valuation method as per choice, independent of valuation method adopted by the provider of service.
9. Services provided by government security agencies are covered by the main portion of the definition of support service as similar services can be provided by private entities. In any case it is also covered by the inclusive portion of the definition. However the tax will be actually payable on reverse charge by the recipient.
10. For any service whose point of taxation has been determined and whole liability affixed before 1.7.2012 the new provisions will not apply. Merely because payments are being made after 1.7.2012 will not add any additional liability on the service receiver in respect of such services.
11. It is further clarified that the provisions of partial reverse charge would also be applicable in respect of such services where point of taxation is on or after 01.07.2012 under the applicable rule in respect of the service provider.
12. The liability of the service provider and service recipient are different and independent of each other. Thus in case the service provider is availing exemption owing to turnover being less than Rs 10 lakhs, he shall not be obliged to pay any tax. However, the service recipient shall have to pay service tax which he is obliged to pay under the partial reverse charge mechanism.
